

Proposal : Recreation and redesign of jid.tn

Technical Approach

I am pleased to submit this proposal for the redesign of jid.tn website.

I Understand that JID seeks to update the design and structure of its site to improve the organization and presentation of the content provided so that visitors can quickly navigate to desired pages .

The Proposed Solution :

- **Present varied and relevant information.**
- **Promote ergonomics navigation**
- **Is a Scalable Solution :**
 - **independant of technical architecture**
 - **ability to easily and quickly add new modules and new features**
 - **optimality and best performance**

Technologies :

HTML

CSS

JS

The structure of the solution

- A Front Office Space intended for website users allowing them to navigate in the various sections of the solution.
- A Back Office Space for administrators offering them an autonomous space to manage the entire content of the website.
